**STORM
SEWERS**

This Department has been actively repairing and replacing storm sewer lines and catch basins for the past 14 years. We have replaced over 275 catch basins along with the installation of bicycle safe grates. This has improved drainage, reduced downstream pollution and increased public safety.

Please remember that all storm drains eventually flow to the local creeks and rivers, so PLEASE DO NOT DUMP ANYTHING into the street grates.

Thank you.

“Spring Leaf Clean Up”

Starting Monday, April 27th. Have your leaves only at your curb in the grass by 7:00 am. We will only make one pass by your house sometime that week. **Have Piles ACCESSIBLE please!**

LEAF VACUUMING REGULATIONS:

Leaf vacuuming service for unincorporated Oswego Township, including homes in Boulder Hill, Shore Heights, Marina Terrace and residential country areas. **If you do live in a residential country area** please email us at mailbox@oswegotownship.org, or call in to the office at (630) 264-4587 to report that you have leaves in need of vacuuming and we will come out at the end of the current round.

We will pick up leaves at least 4 times during the season each year.

Please make sure that parked cars are not directly in front of the pile, or parked within 20 feet of the pile in either direction. This will result in your leaf pile being left. We will only make one pass by your house each time we are scheduled to pick up leaves. Please make sure that piles only contain leaves and not any foreign objects; branches, grass and yard waste do not count as leaves, they will clog our vacuums and will be left behind. Please try to rake your leaves away from mailboxes and tree trunks whenever possible, and into long narrow rows from lot line to lot line, in the grass. **Please keep your leaf piles out of the streets to prevent flooding, and off of sidewalks for pedestrian safety.** We ask that you please be kind and courteous to the men working on leaf vacuuming. If you have a complaint or need to speak with a crew member please motion to them and do not approach the machine or moving truck. This is for the citizens and our crew member's safety.

2020 Brush Pick-Up Dates/Regulations

Mon. April 20th, Tue. May 26th, Mon. June 22nd, Mon. July 27th,
Mon. August 24th, Mon. September 21st, & Mon. October 26th

MAXIMUM PILE SIZE PER PROPERTY IS 3 FEET HIGH X 12 FEET LONG.

The brush program is for TRIMMING & PRUNING of trees, NOT the removal of whole trees from the property.

PLEASE MAKE SURE TO COMPLY WITH THE REGULATIONS OR YOUR PILE MAY NOT GET PICKED UP!

When: Please have brush placed at the curb by 7:00 A.M. Monday morning to ensure pick-up. Brush pick-up will take place the last full week of every month from April-October. We will only make **ONE PASS** by your house **EACH MONTH**. Please make sure that **vehicles are not parked within 20 feet of the pile** in either direction or your pile will be left behind.

How: Laid as neatly as possible with the **cut ends toward the street** and parallel to each other. Please keep piles out of the street and gutter. During inclement weather, this can clog the storm drain covers and will cause flooding.

What is acceptable: Limbs over 2 feet long, the longer the better, and no larger than 5 inches in diameter. The brush program is for the trimming and pruning of trees, not for the removal of whole trees from the property. For tied bundles please use twine only

What is not acceptable: short clippings, root balls, bags of branches, or bushes. Please do not place thorny tree branches inside piles. Place these branches next to the larger pile and our crews will take special care with them.

SOME of the MANY SERVICES from Oswego Township Road District (Highway Department):
